Nurturing Hope, Fostering Healing.

Free nature getaways for cancer patients and their loved ones.

About the Sanctuary

Jesse J Sanctuary, a nonprofit 501(c)(3) organization, was inspired by the incredible journey of Jesse, a courageous soul who fought a relentless battle against Glioblastoma, an aggressive form of brain cancer. Her unwavering spirit and the incredible impact of those who extended their kindness during her journey inspired us to create this sanctuary.

Our foundation aims to provide free hideaways in rural Des Moines, Iowa, where cancer patients and their families can find solace and create lasting memories. By immersing themselves in the serenity of nature, we hope to offer a haven where they can find peace, strength, and renewed hope during their challenging times.

Tranquil escapes for unforgettable experiences – no matter the occasion:

**Special Events • Weekend Getaways • Birthday Parties
Family Gatherings • Children's Sleepovers • and more**
